Lifelong Learning Institute

Paya Lebar Central

Welcome to the Lifelong Learning Institute

Launched in 2013, the Lifelong Learning Institute (LLI) is one of two Continuing Education and Training (CET) campuses by the Singapore Workforce Development Agency (WDA).

Located at the commercial heart of Paya Lebar Central, LLI inspires lifelong learning and serves as a gateway to learning opportunities. The institute houses a community of CET providers that offers skills upgrading courses. To complement training, there are different services available at LLI to encourage the discovery of learning possibilities.

WE SUPPORT

INDIVIDUALS
To Fulfil their Career and Developmental Needs

EMPLOYERS
As a Resource Centre for Recruitment and Training Needs

CET PROVIDERS
By Forging Partnerships and Catalysing Innovations

FOR INDIVIDUALS

LLI believes that taking ownership of one's learning and career journey would enable every individual to reach their fullest potential.

Embark on a journey of self-discovery at **The Lifelong Learning Exploration Centre** to explore an exciting world of career possibilities and learning opportunities.

With its rich variety of CET resources, **The LLiBrary** offers every individual a wide selection of professional development materials for skills upgrading and acquiring new knowledge.

LLI understands that preparing a career plan can be a great challenge for many and most struggle when deciding just where and how to begin.

At the **WDA Career Centre**, individuals can seek career opportunities, advice on training and development, and up-to-date knowledge about the job market through career consultants.

In addition, **The Centre for Employability Skills** provides individuals with a platform to assess their workplace skills such as literacy and numeracy.

FOR EMPLOYERS

LLI serves as a one-stop resource centre for organisations' recruitment and training needs.

A diverse range of **WDA accredited CET providers** is based onsite to provide a slew of training programmes to enhance the capabilities of employees.

With training assistance and job matching services provided by the career centre, employers can tap on the **existing database of jobseekers** to find suitable candidates for their recruitment needs.

FOR CET PROVIDERS

LLI aims to forge partnerships with CET providers and help catalyse the adoption of innovations.

CET providers located outside of the institute are also able to join the growing CET community at LLI, by offering their programmes and tapping on the institute's training facilities.

To push CET delivery to the next level, CET providers are able to transform their training delivery by exploring innovative technologies and approaches at **iN.LAB**.

Step into a world of Lifelong Learning

Being the first of its kind, the institute helps individuals in their pursuit of lifelong learning. In the illustration below, you will find useful insights to how the integrated environment of LLI and its various touchpoints can contribute towards one's development and learning.

NLAB
#03-03

Set up as the hub for learning innovation in Singapore, CET Landscapes, NLAB or Innovation Lab provides facilities and resources for cutting-edge technology-enabled learning within organisations. NLAB aims to nurture innovation in all aspects of CET, from curriculum design to delivery.

The LLLibrary
#03-02

A collaboration between National Library Board (NLB) and MDA, The LLLibrary carries a rich variety of CET materials focused on career advancement and skills upgrading to support individuals in their professional and personal development.

WDA Career Centre
#02-02

The WDA Career Centre provides career and training advisory for individuals to enhance their employability. It can help individuals identify their strengths and career interests, gain insights on hiring sectors, and find career opportunities via Jobs Bank or at various career fairs. Individuals can also obtain training information on WDA-funded programmes.

Lifelong Learning Exploration Centre (LLEC)
#01-01

LLEC empowers individuals to take charge of their lifelong learning journey, as well as career planning and development. Through LLEC's immersive exhibits, visitors can take a free career pathing test and explore a range of career possibilities and training opportunities across various industries. Guided group tours are also available for school students and organisations.

Centre for Employability Skills (CES)
#02-01

CES is an assessment centre that administers the English Workplace Literacy and Numeracy (EWPLN) and Chinese Workplace Literacy (CWPLN) assessments under the Employability Skills Workforce Skills Qualifications (ES WSQ) framework. Individuals taking these assessments would be able to measure their proficiency level for the purposes of employment and training enrolment.
